

ANI NETWORKS

Company Overview

Smarter Connections. *Trusted Solutions.*

For nearly 40 years, ANI Networks has been the trusted partner in voice and data services — relied on by Fortune 500 enterprises, connectivity providers, and mobile network operators nationwide. Our nationwide backbone, direct end-point connections, and real-time data intelligence deliver secure, reliable, and cost-efficient communications.

Our Services at a Glance

Toll-Free Services

End-to-end Toll-Free origination, termination, and RespOrg services. Backed by SOMOS-certified expertise, direct peering, and RouteLink integration.

Termination Services

Domestic and international long-distance with available certified one-hop direct termination, ANI's patented ARK Portal automation, and direct peering.

Data Services

Real-time routing intelligence with LRN and NPA-NXX data, CNAM queries, Somos RouteLink queries, fraud-mitigation dips, and STIR/SHAKEN compliance.

SMARTER CONNECTIONS. *TRUSTED SOLUTIONS.*

A Message from Our CEO | Gary Fry

“At ANI Networks, we’ve built our reputation on trust, reliability, and innovation. For more than three decades, we’ve helped carriers, enterprises, and rural providers stay connected with the people who matter most. **Our mission is simple: deliver superior voice and data services backed by intelligence, transparency, and a relentless focus on customer success.**”

SMARTER CONNECTIONS.
TRUSTED SOLUTIONS.

Our Network: The Backbone of ANI

At the heart of ANI Networks is a nationwide backbone built for performance, redundancy, and scale.

- Available one-hop connectivity
- Rural reach where others fall short
- Trusted peering with carriers nationwide
- Ribbon (Sonus) next-gen softswitch technology
- Customized OpenSIPs systems for flexible partner solutions
- Three redundant switching centers: Los Angeles, New York, Dallas
- 24/7 NOC and NMC monitoring with disaster recovery protocols

Why ANI Networks

Toll-Free Experts

Nearly 40 years of leadership in call routing.

Robust Network

Purpose-built to serve rural and hard-to-reach providers.

Direct, One-Hop Connections

IP End-to-end reach that reduces latency and ensures efficient delivery.

Superior Call Quality

Backed by nationwide redundancy.

Trusted Peering Partner

For both 1+ and Toll-Free services.

Intelligent Networking

Powered by the ANI Advantage suite of analytics and reporting.

THE ANI ADVANTAGE

ANI provides the technical foundation carriers and enterprises need to ensure every call connects with precision.

ANI combines a superior network with deep routing expertise, proactive disaster recovery planning, and best-in-class service and analytics to deliver exceptional performance and reliability. From direct connections and database queries to peering and RespOrg administration at the CIC and 10-digit levels, we ensure seamless operations, transparency, and business continuity for every customer.
