

SMARTER CONNECTIONS. TRUSTED SOLUTIONS.

Termination Services

Reliable Long Distance Voice Termination Services,
Built for Scale and Quality.

ANI Networks delivers superior long-distance voice termination services using direct connections with OCN holders and available certified one-hop termination. For nearly 40 years, carriers, call centers, and enterprises have trusted ANI to provide seamless connectivity, regulatory compliance, and cost efficiency. Backed by our patented ARK Portal, real-time monitoring, and peering relationships, ANI ensures every call completes with crystal-clear quality and maximum reliability.

Termination Services Suite

- Expanded global reach and backed by 40+ years of telecom excellence

The ANI Advantage

At the heart of every ANI service is the ANI Advantage.

- **Engineered for Precision** – ANI delivers the reliable connectivity foundation carriers and enterprises depend on to ensure every call connects seamlessly.
- **Smart Peering & Direct Connections** – From CIC and RespOrg to 10-digit level routing, ANI's infrastructure powers efficient, high-fidelity communication across networks.
- **Performance & Continuity Built In** – Advanced routing intelligence and disaster recovery planning keep networks optimized and business operations uninterrupted.
- **Insight-Driven Service Excellence** – Real-time analytics and dedicated support ensure continuous optimization, transparency, and customer confidence.

ANI Networks Overview

For nearly 40 years, ANI Networks has been the trusted partner in voice and data services — relied on by Fortune 500 enterprises, connectivity providers, and mobile network operators nationwide.

With direct OCN partnerships, a robust nationwide network, and a reputation for world-class support, ANI is your partner for reliable connectivity and future-ready communications. As an authorized SOMOS RouteLink User & Distributor, ANI combines deep routing expertise with advanced analytics to optimize performance, mitigate fraud, and ensure every call is delivered with precision.

World-Class Support

Behind every connection is ANI's world-class team.

Our SOMOS-certified experts, 24/7 Network Operations Center, and dedicated monitoring staff ensure performance, compliance, and rapid response. From onboarding to troubleshooting, ANI provides the expertise, transparency, and support that carriers, enterprises, and rural providers rely on to stay connected.
